

# „Adele“ - 12 V LED Strip with a Width of 6 mm

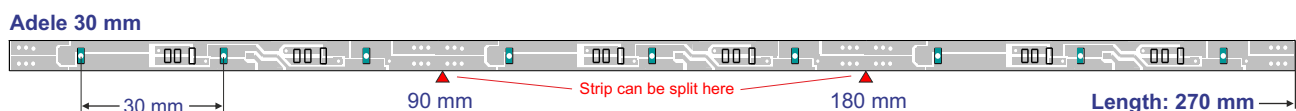

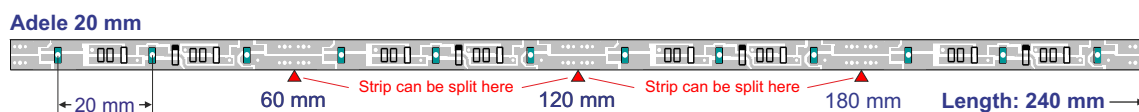

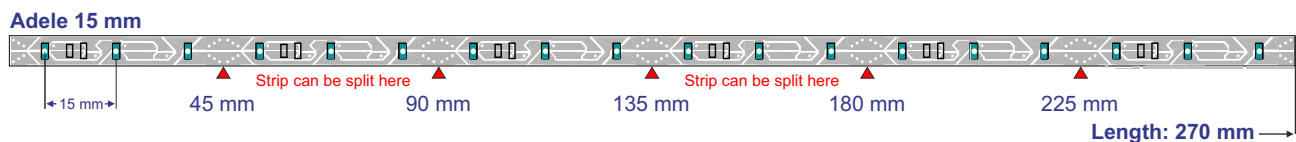

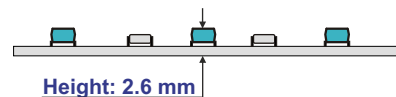

The Adele circuit board is a 6 mm wide, oblong LED strip for 12 V operation.

The circuit board can be split or extended as required.  
The maximum lengths are listed in the table below.

The shortest splittable length is 45 mm (3 LEDs).  
Electrical connection is via soldering pads located on the small end.

The Adele circuit board is available with white LEDs. Other colours on request.

The following colour temperatures are available: 3000 K, 4000 K, 5000 K and 6500 K
